GIANNI ANTONIO MANILIA

Barcelona, Spain | (+34) 692373698 | giannimanilia@gmail.com | LinkedIn | Portfolio

I'm a senior backend engineer with a bachelor's degree in computer engineering and experience in several industries like travel, billing, banking and customer relationship management.

EXPERIENCE

SENIOR BACKEND ENGINEER | N26, Barcelona, Spain **04/2026 – Present**

Redesigned systems architecture and built due diligence solutions reducing operational costs, addressing audit findings and enabling escalation, automation and customer acquisition.

BACKEND ENGINEER | N26, Barcelona, Spain **03/2024 – 03/2026**

Strengthened regulatory compliance by implementing due diligence processes. Improved IBAN conversion rate by enhancing customer engagement and stabilizing system reliability and addressing structural inefficiencies.

SENIOR SOFTWARE ENGINEER | eDreams ODIGEO, Barcelona, Spain **10/2022 – 02/2024**

Increased booking rate by designing an event-driven architecture, reducing the cost per booking and improving the user experience. Increase revenue per booking by improving integration with an AI price drop detector.

SOFTWARE ENGINEER | eDreams ODIGEO, Barcelona, Spain **08/2021 – 09/2022**

Increased flight offer by developing, maintaining and scaling integrations with itinerary providers. Reduced system complexity by leading tech quality initiatives and frameworks, and enhancing ways of working.

SOFTWARE ENGINEER | IFIN Sistemi, Padua, Italy **06/2020 – 07/2021**

Developed and optimised fintech web services for software houses and system integrators. Designed microservice architecture and integration with external providers.

SOFTWARE DEVELOPER | Opensymbol, Vicenza, Italy **10/2018 – 03/2020**

Improved companies' processing by developing and customising SugarCRM based on needs and requirements. Integrated banking system with messaging platform to enhance customer service support.

JUNIOR ANDROID DEVELOPER | Kratos & 2WaySports, Caracas, Venezuela **06/2017 – 08/2017**

EDUCATION

BACHELOR'S DEGREE IN COMPUTER ENGINEERING | Universitá Degli Studi Di Padova, Padova, Italia 09/2017 – 03/2019
